PERSONAL SUMMARY

My name is Joana Beleza and I have been focusing my projects on Web applications and Mobile development since I have developed particular interest and motivation in these two areas and believe they have become interdependent. I also have experience in Software Architecture and I am passionate about designing new and innovative products that I can help develop. I am determined and hardworker when it comes to achieving goals. I have good teamwork ability, I am flexible and a fast learner.

EDUCATION

Master's degree, Informatics and Computing Engineering **2012-2017**
Faculdade de Engenharia da Universidade do Porto
GPA: 14.16 out of 20
